IN WALLCOVERINGS, INC.

## **HANGING INSTRUCTIONS FOR ALCHEMY 2, ECO-SERIES, GELATO, ITALIA, MULBERRY , OXFORD & PRINCETON**

### **Important Notice**

- The above products must be reverse hung. Strips must be overlapped and double-cut. Material is not pre-trimmed. All seams should be taped using low adhesive tape, such as 3M Blue tape 1 ½", to keep the face of the seams clean.

- These products require a clear, strippable adhesive.
- Do not water down the adhesive. Diluting the paste will reduce the bond.
- Paste only two (2) strips at a time.
- Always roll and book face out.
- Do not fold because creasing can occur.

**Do not hang more than three (3) strips. Carefully inspect the installation after applying three (3) strips before proceeding. If, at any time during the installation, a discrepancy occurs, STOP. Contact the designer of Innovations before proceeding.**

**\*\*\*\*\*Do not use a pasting machine when hanging this product\*\*\*\*\***

**Please call our PRODUCTION DEPT. at 800-227-8053, if you have any questions.**
