IN WALLCOVERINGS, INC.

PRODUCT SPECIFICATION DATA SHEET

Pattern Name:	CORK
Wallcovering Composition:	Cork
Backing Composition:	Cellulose paper
Total Weight:	6 oz./lineal yard
Width:	36"
Repeat:	None
Full Roll:	50-55 yards
Flame Rating:	Class "A"
Flame Spread:	3
Smoke Developed:	0

GENERAL INFORMATION

All items have been tested in accordance with the ASTM-E84 Tunnel Test.

EARTH FRIENDLY INFORMATION

Cork is a renewable natural resource, harvested from the bark of cork trees. The cork used in the manufacture of our wallcovering comes from a managed harvesting program with the expectation of each tree living approximately 150 years and re-generating its precious outer layer 12-13 times during the life cycle. All inks used are water-soluble containing no heavy metals such as chromium, cadmium, lead or mercury.

Please note there is a \$2.00 per yard cutting charge on orders under 30 yards
